

Minutes of Big Sky HOA Board Meeting – August 26, 2016

1. As for the property transfer to Spokane County, this has been accomplished. (Closed)
2. Self-inspections have been going OK. Would like to have more volunteers to assist with the inspections. We sent another newsletter to remind owners of their responsibilities and this seems to help with violations. (Ongoing)
3. With regards to the pond issue with mosquito and weed problems, upon closer inspection it was determined that the pond in question doesn't belong to Big Sky HOA. With that in mind we are closing this issue. (Closed)
4. The park has had new ground cover installed and everything seems to be resolved. (Closed)
5. Lance from HOA Agent has had some well-deserved time off so we'll wait for his response with regards to soliciting bids for maintenance of our common areas. (Open)
6. The fall HOA Meeting is tentatively being scheduled for September 27th, 6pm. Notices will be sent once we confirm location.
